

I am writing to express my desire to allow the State of Wisconsin to retain its ability to prevent incessant telemarketers from calling wisconsin residents, via a "No Call List". I would hope that the current laws in place with this program are not changed.

As a Wisconsin resident, I have been on this list for over a year. Having an ability to control unnecessary calls each night has made my evenings at home more relaxing. Multiple calls from telemarketers night after night was a nuisance before this program.

Therefore, please forward my request to support and retain the No Call List program in Wisconsin with current laws, to all appropriate reviewing agencies..
